Get ready to jump off the land and into the water for a wild ride around the entire world ocean. As we encounter places of destruction and desolation, hope and salvation, we'll learn of the ocean's immense importance to all life, how it has influenced human evolution and world history. Discover state-of-the-art research (including the ocean sunfish of course!) aimed at ensuring a healthy ocean and planet for generations to come. **COME DIVE IN!**
